

I WILL

F
I swear it was only yesterday
F
We stood at the altar and I heard you say,
Bb F
“I will. Yes, I will...”
F
You promised to love me through the good and bad.
F
You gave me your life, you gave me everything
Bb F
You had. “Yes, I will...”
C Bb
You didn’t know the wind could blow so hard;
C Bb
You never imagined I could fall so far.
C Bb
But all these years later, Darling, here we are.
F
“I will...”

F
Oh, my love, it’s been a bumpy ride
F
Since that night I finally let you come
Bb F
Inside. “Yes, I will...”
F
Broken and humbled, frightened and weak.
F
I told you the story that I’d never dared
Bb F
To speak. I said, “I will...”
C Bb
And the cold wind blew and the rain came down,
C Bb
And the earthquake shook up our solid ground.
C Bb
But you were still standing when I looked around.
F
“I will, I will...”

Eb Bb
Thank you...
Eb Bb
Thank you...
Eb Bb
My heart is full tonight

F
Thank you...
Eb Bb
Thank you...
Eb Bb
Thank you...

Ab Eb
My heart is full tonight...

F
Thank you.

F
So we walk together in the light of day,
F
Asking our God to walk beside us all
Bb F
The way, and He says, "I will...
F
Wholeness and healing now can be released.
F
I'll be your lover, be your source of peace.
Bb F
I will. Yes, I will...
C Bb
I see your tears and I've felt your pain.
C Bb
I'm making gold out of your guilt and shame.
C Bb
I will now call you by a brand-new name.
F
Yes, I will...
