

Intergenerational Worship Network

Church	Contact	Ministry Type	Area of Expertise
Deer Grove	Melissa Wall miswall@yahoo.com	<p>Above all, our church values Intergenerational Ministry on a Biblical basis. All people, no matter their age, are welcomed into the church family! Because of this value, we have created space for children, youth, and adults to encounter God in a mighty way on Sunday mornings and through special intergenerational ministries.</p> <ul style="list-style-type: none"> - Interactive worship through stations: On the 1st of the month is IG Sunday and our kids are with us for the whole service. During communion we have prayer and Scripture stations with interactive things for kids, families, and individuals to do together. - Children are with us for the first half of worship, and then are invited to their Ministry Classes during the sermon. - Our children help lead in worship: reading Scripture, doing the Call to Worship, praying, ushering, singing, showing motions to songs, carrying candles, etc. - Every three years we take an IG missions trip to Ecuador. Last Summer we had ages ranging from six to 69! It was a great adventure as we served God as the FULL kingdom of God! - We create a space for kids after the service to be to enjoy fellowship together and with the larger church body. - We create safe environments for our Children's Formation time, making it look exciting like the worship center in order to get kids excited about an encounter with the Lord. 	<p>The area where I am most gifted would be the experiential aspect of involving all ages in worship. If people would like creative ideas, I would be honored to help with that. I also available to think over with you how it can all work logistically!</p>
