Mosaic Community	Ed Lee ed@mosaicpeople.org	Mosaic Community Covenant Church is a young multi-ethnic church plant with diverse leaders. It intentionally began as a multi-ethnic ministry with the hopes of being a leader in modeling healthy relationships that serve as a catalyst for improving race relations in the community. We believe that we can be an effective witness through our unity and love for one another. For more information see www.mosaicpeople.org	We are willing to be a help or resource for anyone interested in developing or transitioning into a multi-ethnic church.
