

Recommendation Regarding Commissioning of the second Covenant Resource Paper

The Executive Board recommends to the 123rd Annual Meeting the commissioning of the second Covenant Resource Paper with the working title of, “The Evangelical Covenant Church and the ministry of Compassion, Mercy, and Justice.” This paper will help give us, as a church, common language and a shared Biblical understanding of God’s call to live out ministries of compassion, mercy and justice. This paper will help both form and inform us to fully live into our call to be a Great Commission *and* a Great Commandment church.
