ASSOCIATION OF

COVENANTCAMP
& CONFERENCE CENTERS

Benefits of Membership

The value of belonging to the ACCCC goes beyond the benefits listed here. True, these benefits have proven themselves over three decades of supporting, equipping and advocating for its members. Of deeper value are the relationships which develop between camping leaders and those working alongside them.

In true Covenant fashion, membership in the ACCCC provides a *personal* network of relationships and resources which offer a steadfast alternative to "going it alone". The current members of the ACCCC invite you into a reality in which we *are* "in it together".

Membership in the association is open to all Covenant camps and conference centers as well as individuals actively sharing in or supportive of the ministry of Covenant camping and/or the association.
